

After you create a wallet your device will provide a backup:

- A **Key Number**, and
- A unique list of **25 Words**

To backup your device, carefully complete **all fields** of this card with pencil.

Write down the **Key Number** and each **word** carefully and in the correct order on this sheet.

Do not take photos, type it into a phone or computer, or store it online.

Keep it completely secret. Sharing this information may lead to a loss of funds.

Frostsnap support will never ask you for this **secret** recovery information.
